

TURKISH HAMMAM & WELLNESS

OZSPA Design is an experienced design-and-build company specialising in Turkish hammam projects, managing every stage from concept to completion. We bring the centuries-old Turkish hammam tradition—an essential part of human health and wellbeing—into prestigious spaces through modern architecture and contemporary comfort.

A Turkish hammam is a timeless wellness experience, offering deep relaxation, cleansing, and physical renewal. The perfect balance of heat, steam, and marble supports both physical and mental wellbeing.

OZSPA Design designs, builds, and delivers bespoke hammam solutions for hotels, spas, and private projects across the UK, providing complete turnkey execution.
